BRAMHAM YOUTH CLUB
members got together and with a beer barrel, a coffin, a lavatory and three bikes came up with this crazy vehicle. It was their entry in an "Oddamobile" contest in Leeds on Saturday, organised by the Leeds and Skyrack Lions' Club. Each vehicle had to be propelled by a crew of three and to carry "in comfort" one female passenger as mascot. The members of the Bramham team, which came second, were, left to right, Kevin Barton, Brian Chambers, Eric Hebron, Rodney Noble and the passenger, Linda Tasker.
