

## **Some Houses Sold in Bramham in Millennium Year 2000**

Because the accommodation in , and the prices of , our houses are always a matter of great interest , I collected the details of as many of the houses for sale in the village in this year as I could . Some escaped me -- for example High Barn on Vicarage Lane and Yew Tree House on High Street were both quickly snapped up for around £ 250,000 -- 260,000.

Though incomplete , this list will nevertheless , I hope , give inquisitive home owners of the future an amusing insight into the house market at the turn of the Millennium.
