4th September 2000

Dear Harry,

I am particularly disappointed that having finally put my hands on the deeds for the house, the information I was hoping to obtain was little short of quite hopeless. There was document after document concerning the issue of Loan Stock by Bentley's Yorkshire Brewery which appeared to be in favour of the Lane-Fox's which seemed to feature the Bay Horse as a side issue!

The information I have therefore, is well short of what I had hoped to obtain. The relative information I do have, can be summarised as follows -

1947 - Mr. Harry Harland obtains permission to install petrol pumps and a tank.

1969 - The Harlands buy the premises for the sum of £3100.

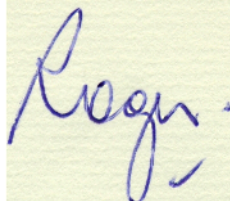

1971 - Mr. Bob Soper buys from Bentley's Yorkshire Brewery the land where the garage for Harland House is situated - Almshouse Hill.

1973 - Mr. Bob Soper buys the garage premises from Margaret Elizabeth Ryle for £9100.

1974 - After renovation, Mr. Soper re-names the premises as Harland House and sells it as a private residence.

I am afraid this is very much short of what I had hoped to obtain, but I hope it might fill the odd gap in terms of what you know about the house yourself.

Yours sincerely,
