

Bramham Scarecrow Trail

In Celebration of The Tour de France Yorkshire Grand Depart 5th and 6th July 2014

The first scarecrow trail in Bramham took place on the weekend of the 21st and 22nd June 2014 and Lin Tritschler (organiser) is to be congratulated on a wonderful idea and success of the event

Over 50 scarecrows appeared in the days running up to the event and hundreds of residents and visitors walked the route to look and photograph all the wonderful creations. The gardens in the village looked beautiful and residents and village groups all contributed by creating a vicar, the queen and her corgi, cancan dancers, window cleaner, cyclists on yellow bikes, onion sellers, fairy tale characters, a teacher and many more.
